

شركة أبراج العرب للمقاولات  
ARAB TOWERS CONTRACTING CO

WHO WE ARE

## INTRODUCTION

Arab Towers Contracting Company (ATCCO) is a leading construction company serving the Jordanian Market and the Region. ATCCO was incorporated in 2007 with roots back to 1988 known as Hisham Wadi Contracting Establishment.

ATCCO's growth and profitability are supported by innovation, technical knowledge, and the adherence to safety and quality, the flexible and modern management practices and highly skilled staff; all cohered with our commitment to the industry's high standards and beyond to exceed clients' expectations.

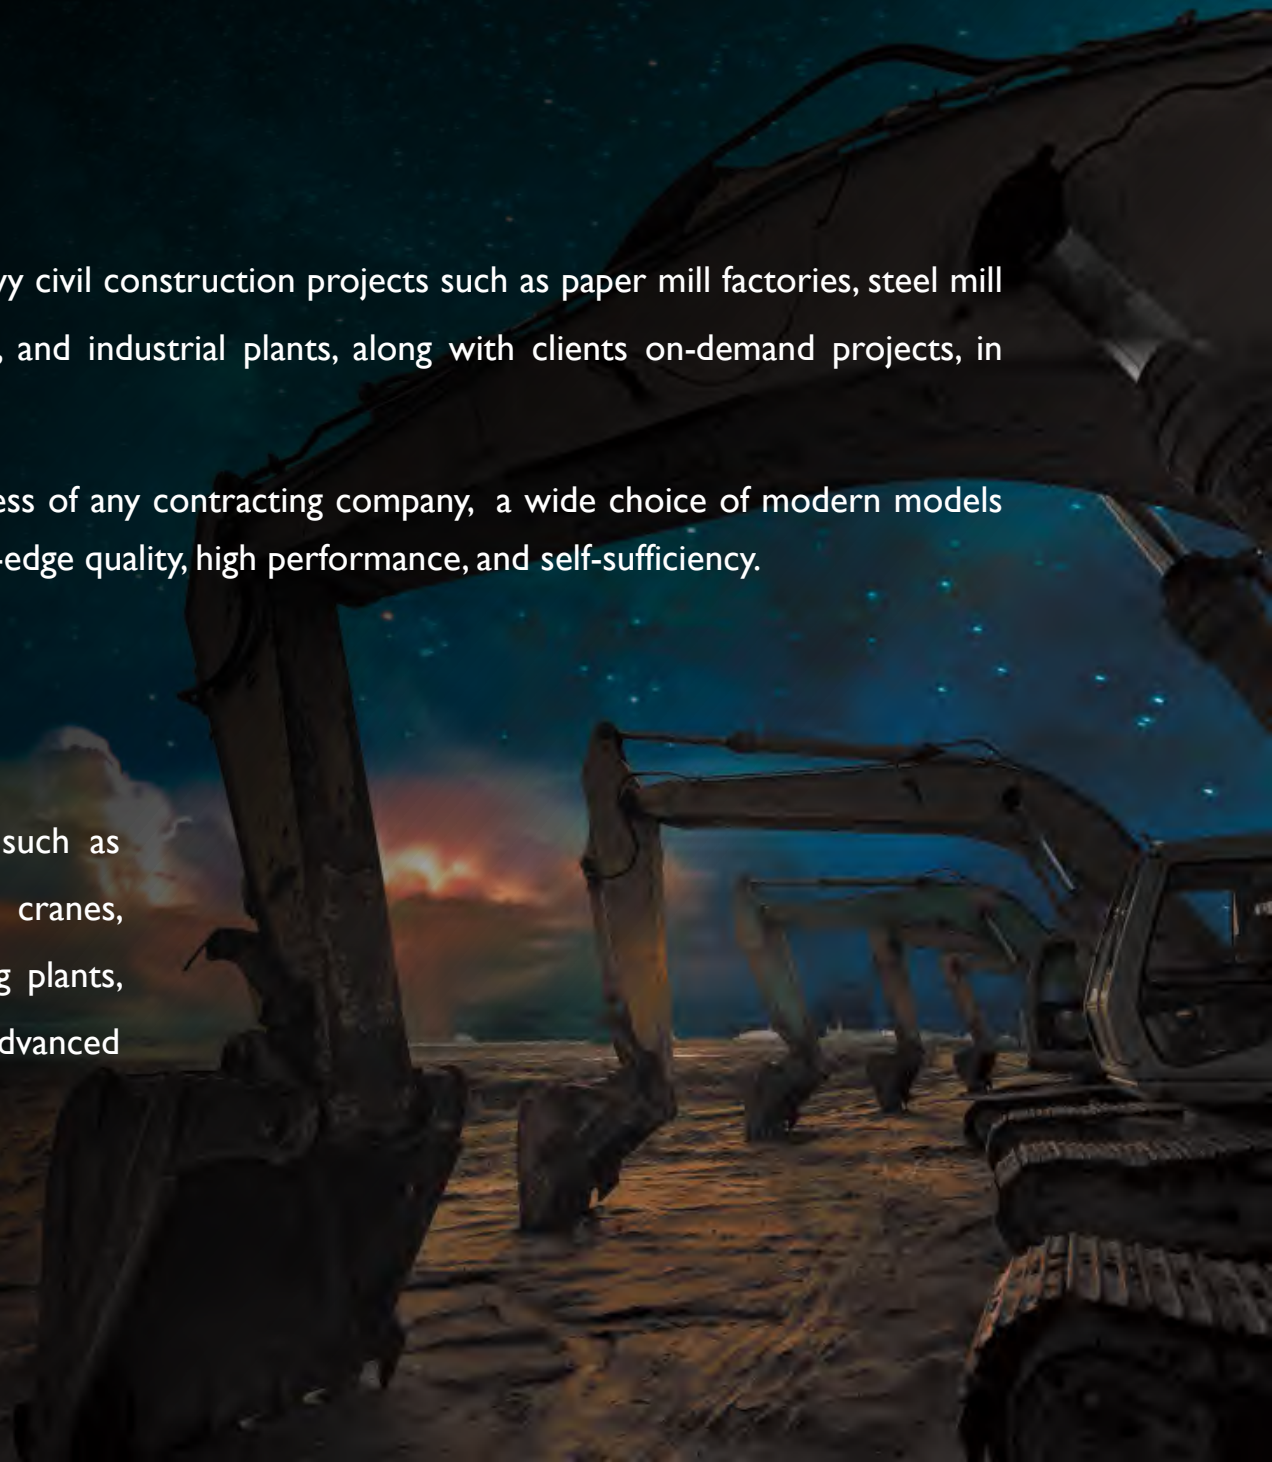

Using our intensive experience and technical expertise and resources, we're able to deliver projects and services that contribute to the economy and future generations.

## WHO WE ARE

Our broad range of construction works varies between heavy civil construction projects such as paper mill factories, steel mill factories, water treatment plants, sewage treatment plants, and industrial plants, along with clients on-demand projects, in addition to various electromechanical and steel projects.

Since modern equipment plays an essential role in the success of any contracting company, a wide choice of modern models of equipment and instruments are available to assure cutting-edge quality, high performance, and self-sufficiency.

Equipment and instruments vary from large machineries such as bulldozers, excavators, loaders, tippers, hydraulic tower cranes, water tanks, trailers, compactors, rollers, concrete batching plants, concrete pumps and transit mixers; to pickups, cars, and advanced construction instruments, tools, and formwork systems.

Client: Kilani Health Care  
Institute  
Consultant: JV of Madi / Tahan

Construction of 100 Beds  
Hospital  
Total Area - 32,800 m<sup>2</sup>

## IKEA Stores

Client: SAH Jordan / ULDC  
Consultant: Madi & Partners

Stores with a total  
Area 54,623 m<sup>2</sup>

# Saint Regis Hotel & Apartments

Client: AL-Maabar Abdoon  
Real Estate / Arabtec  
Construction  
Consultant: Arabtech Jardaneh

Skeleton & Infrastructures  
Works for Hotel & Branded  
Apartments Towers  
Area - 126,000 m<sup>2</sup>

## Kempinski Hotel Annex

Client: Al-Rabya Hotels Co.  
Consultant: DARB

Extension of the Existing Hotel  
Total Area - 12,530 m<sup>2</sup>

# ATCCO Headquarter Building

Client: ATCCO  
Consultant: Faris & Faris

12 Floors Building  
Total Area - 12,011 m<sup>2</sup>

## Manaseer Headquarter Building

Client: Al-Manaseer Group  
Consultant: MAC

12 Floors Building  
Total Area - 16,025 m<sup>2</sup>

# Al-Adyat Trading Machinery Building

Client: Al-Manaseer Group  
Consultant: Symbiosis

Construction of Showroom and  
Workshop  
Total Area 24,000 m<sup>2</sup>

## Nuqul - Car Exhibition Note Automatis

Client: Nuqul Group  
Consultant: Faris & Faris

Civil and Finishing Works for  
a 2,600 m<sup>2</sup> Building

## Extension of the Industrial Terminal in South Port / Aqaba

Client: JIPC  
Main Contractor: JV of Técnicas  
Reunidas / PHB Jordan

Construction of Jetty – Aqaba  
Port Length 200m & Width 13m

# Rehabilitation & Expansion of North Aqaba WWTP

Client: Aqaba Water Company  
Consultant: Arabtech Jardaneh/  
CDM

DBO Project of WWTP  
Capacity 28,000 m<sup>3</sup>/day

Consultant: CCG

Four-level Intersection,  
including Bridge and Two-  
level Underpasses

# Modern Cement & Mining Project MCM

Client: MCM Co.  
Consultant: PEG (Switzerland)

Construction of Cement Plant  
Capacity 3500 tons/day

# Ground Calcium Carbonate (GCC) Phase I&2

Client: Al-Manaseer Group  
Consultant: Al-Manaseer Group

Civil, Steel Structure, MEP, and  
Equipment Erection Works

## 1x30 MW Coal / Power Plant & Coal Shed Hangar

Client: Al-Manaseer Group  
Main Contractor: ISGEC

Civil, Steel Structure, MEP, and  
Equipment Erection Works  
Construction of Hangar 109m free  
Span, and 336m Length

# Tafila Wind Farm

Client: JWPC / VESTAS  
Consultant: CUBE Engineering

EPC Project | 17 MW Wind Farm  
Civil & Electrical Works

## East Amman Power Station

Client: AES Jordan PSC  
Main Contractor: Doosan

Civil and Steel Structure works  
for 370 MW Combined Cycle  
Power Plant

# Jordan Abyad Chemical Complex

Client: JAFCCO  
Consultant: JAFCCO

Civil, Finishing, and Steel  
Structure Works

## ACWA Power Zarqa

Client: Acwa Power  
SEPCO-III  
Consultant: POYRY

Civil Works for 485 MW  
Power Plant

# Samra Thermal Power Station

Client: SEPGCO  
Consultant: JV Gama / Black &  
Veatch

Civil Works for 300 MW  
Power Station

## Abu Alanda Gas/ Liquid

Client: Jordan Petroleum  
Refinery / Duro Felguera Co.  
Consultant: Jordan Petroleum  
Refinery

Construction of Gas Storage  
Tanks and Filling Station

Jordan Magnesium  
Oxide Plant &  
Jordan Bromine  
Plant

# Jordan Magnesium Oxide Plant

Client: Jordan Magnesia / JV  
AMEC-DOGAN  
Consultant: Jacobs

Construction of Civil and  
Infrastructure Works

## Jordan Bromine Plant

Client: Jordan Bromine Co.  
Consultant: AMEC / KENTZ /  
Jordan Bromine Co.

Construction of Several  
Contracts  
(C1, C7, C10, C13, C19, C20,  
& Chlor) Packages

## Kofranja WWTP

Client: MWI

Consultant: Dorsch / Engicon /  
GITEC

Upgrading of the Existing  
WWTP; from 1800 m<sup>3</sup>/d to  
9000 m<sup>3</sup>/d

## South Amman WWTP & Trunk Line

Client: MWI / KOLON  
Consultant: Engicon

Capacity 52,000 m<sup>3</sup>/day

## Samra WWTP

Client: MWI / As-Samra  
WWTP / Morganti  
Consultant: JECO Consult  
FICHTNER

Construction of Civil and  
Infrastructure Works  
Package-I (Water Line)

## Zara Ma'in Water TP & Conveyance

Client: MWI / JV of Morganti &  
Infilco

Consultant: JBlack & Veatch  
International

Civil Works of Water  
Treatment Plant

# Wadi Al-Arab WWTP

Client: MWI  
Consultant: Sigma / DAR / RRI

Capacity 25,000 m<sup>3</sup>/day
